**1.**

**i.** For each of the items(i)-(x) ,choose the correct answer from the given alternatives and write in the box provided

The following are the vital roles of information in any community EXCEPT:

A. Helping to make better decisions
B. Giving records of future events
C. Producing knowledge and helping us to identify missing knowledge about a subject
D. Helping to identify opportunities for work, business and innovation.

ii. Why is it advised to set a strong password in the computer?

A. To restrict unauthorized user
B. To minimize computer virus
C. To prevent the computer from damage
D. To reduce unauthorized program

iii. Which combination of keys is used to select the text in a document?

A. Ctrl+P B. Ctrl+C
C. Ctrl+A D. Ctrl+P

iv. How would you classify a touch screen among the computer hardware parts?

A. An input device C. Both processing and output device
B. An output device D. Both input and output device

v. Data in the computer system is measured using different units, but the commonly used data measurement unit is:-

A. Gigabyte B. A byte
C. Megabyte C.Kilobyte

vi. The main function of the router in the computer network is:-

A. To provide access to the internet
B. To provide interconnection with different networks
C. To converts signal from digital to analog form
D. Divide a busy network into segments

**vii.** Computer software which perform fundamental operations like booting, retrieving and loading

**1.**

application is called:-

**i.** A. Drivers B. Utility software C. Database D. Operating system

**vii.**

viii. Kiswahili teacher wants to find the highest score of the 30 students in spreadsheet, which of the following formula will be used to by the teacher?
A. =SUM(B1:B30)
B. =MAX(B1:B30)
C. =RANGE(B1:B30)
D. =COUNT(B1:B30)

ix. Examples of secondary storage memory devices are....
A. Floppy disk and ROM
B. Hard disk and RAM
C. ROM and RAM
D. Floppy disk and Hard Disk

x. What is the most suitable input device for highlighting or selecting an object on the screen?
A. Joy stick B. Mouse C. Keyboard D. Touch screen

## SECTION B (70Marks)

## Answer All Questions

3. The following figure shows a physical arrangement of computers in a certain office. Study it carefully and answer the questions that follow:

A

B

a) What is the name of the physical topology presented in the figure provided?

(b) What are the names of the components labeled with later A and B?

(i) . Letter A _____

(ii) .Letter B _____

(c) What are the three advantages of the type of network used in the Figure above

(i) _____

(ii) _____

(iii) _____

4. (a)Give two advantages of choosing a laptop computer instead of desktop computers

(i) _____

(ii)

(b) A desktop computer has four cords for it to function properly, name the cords with respect to the components they are connecting.

(i)

(ii)

(iii)

Civ).

5. Shadya is a Form One student who wants to practice on how to use Microsoft word program. Assist her to identify the steps of inserting the following:

(a) A picture in My Documents

(i) _____

(ii) _____

(iii) _____

(iv) _____

(v) _____

(b) Tables with 3 rows and 5 columns

(i) _____

(ii) _____

(iii) _____

(iv) _____

(v) _____

6. (a)The government has announced the issue of power shortage in the main line supplying power to Hai district. This led to the power fluctuation in the computer lab. Outline the two effects of power fluctuation in the computer lab

(i) _____

(ii)_

(b) What are the two devices should be used in solving the problem of power fluctuation in the computer

lab?

(i) _____

(ii) _____

(c) It is advisable to protect the computer from malicious program. What are the four things to be done regularly to protect the computer from malicious programs:

(i) __

(ii) _

(iii)

(iii) _

7. Basic Mathematics teacher is using a computer to input, store, analyse results so as to know the progress of his students in the subject. Below is the snapshot of one of the works he is doing in the computer.

G13

| | A | B | C | D | E |
|---|---|---|---|---|---|
| 1 | | FORM TWO MID TERM BASIC MATHEMATICS 2024 | | | |
| 2 | | S/N | Name of Student | Registration | Score |
| 3 | | 1 | Abdullah Issa | S0001 | 60.00 |
| 4 | | 2 | Isac Abdullahman | S0002 | 70.00 |
| 5 | | 3 | Yamungu Ibrahimu | S0003 | 80.00 |
| 6 | | 4 | Neema Thabit | S0004 | 75.00 |
| 7 | | 5 | Amina Abdulaziz | S0005 | 95.00 |
| 8 | | 6 | Husna Idrisa | S0006 | 85.00 |
| 9 | | | | | |
| 10 | | | Average Score | | 77.50 |
| 11 | | | Maximum Score | | 95.00 |
| 12 | | | Minimum Score | | 60.00 |
| 13 | | | | | |

(a) What is the name of the software used to enter data:

(b) What are the two data types used in the worksheet?

(i) _____

(ii) _____

(c) Write the formula for getting Average score

(d) Maximum score

(e) Minimum score

(f) What is the active cell in the Figure above.

8. Due to the advanced in technology, mobile phones are widely used in communication and other tasks in the community. Give three reasons why mobile phones are regarded as computers.

(i) _____

(ii)

(iii)

(b) Give two reasons why the computer is regarded as electronic device

(i) _____

(ii) _____

9. (a) In 2009 the world faced the tragic of COVID19 which started in China, one on the method to combat the disease was mass campaigns through different media. To reach the population the government of Tanzania decided to use modern communication media to provide news to the public. (a)Which communication media were used by the government? Give four

(i) _____

(ii) _____

(iii) _____

(iv) _____

(b)Why the government of Tanzania opted to use modern communication media to address the COVID19 pandemic to reach the public? Give three reasons

(i) _____ (ii)

(iii)

## SECTION C (15 Marks)

10. Explain three advantages and three disadvantages of Internet in our Society.

**PRESIDENT'S OFFICE - RALG**
**MULEBA DISTRICT**
**FORM TWO MOCK ASSESSMENT EXAMINATION MARKING SCHEME**
**INFORMATION AND COMPUTER STUDIES**

## SECTION A

1. **SECTION A: Multiple-Choice Questions**

| i | ii | iii | iv | v | vi | vii | viii | ix | X |
|---|---|---|---|---|---|---|---|---|---|
| B | A | C | D | B | B | D | B | D | B |

1MARK@, 10MARKS

2. **Matching Questions:**

| LIST A | i | ii | iii | iv | V |
|---|---|---|---|---|---|
| LIST B | C | A | B | D | F |

1MARK@, 5MARKS

## SECTION B: Short-Answer Questions

3. (a) What is the name of the physical topology presented in the figure?

**Bus Topology** 1MARK

(b) Names of the components labeled A and B:

**(i)- A: Printer/ Photocopying Machine**
**(ii)-B: Backbone Cable / Main Cable.**

2MARK@, TOTAL 4MARKS

(c) Three advantages of the network type used in the figure:

**1. Easy to manage and troubleshoot**
**2. Scalable (new devices can be added easily)**
**3. Fast communication due to dedicated connections**

2MARK@, TOTAL 6MARKS

4. (a) Two advantages of choosing a laptop instead of a desktop computer:

**1. Portability – Laptops can be carried anywhere**
**2. Battery-powered – Can work even during power outages**

1MARK@, TOTAL 2MARKS

MsomiBora.com

(b) Five cords used in a desktop computer and their components:

**1. Power Cable – Connects CPU to the power source**
**2. VGA/HDMI Cable – Connects CPU to the Monitor**
**3. USB Cable – Connects peripherals like printers, flash drives**
**4. Keyboard & Mouse Cable – Connects input devices to the CPU**

2MARK@, TOTAL 8MARKS

5. (a) Steps to insert a picture in My Documents:

**1. Open Microsoft Word**
**2. Click on the "Insert" tab**
**3. Select "Pictures"**
**4. Navigate to "My Documents" folder**
**5. Select the picture and click "Insert"**

1MARK@, TOTAL 5MARKS

(b) Steps to insert a table with 3 rows and 5 columns:

**1. Click on the "Insert" tab**
**2. Select "Table"**
**3. Drag to create a 3×5 table or click "Insert Table"**
**4. Enter 3 rows and 5 columns**
**5. Click "OK"**

1MARK@, TOTAL 5MARKS

6. (a) Two effects of power fluctuation:

**1. Data loss due to sudden shutdowns**
**2. Hardware damage from voltage spikes**

1 MARK@, TOTAL 2MARKS

(b) Two devices to solve power fluctuation problems:

**1. Uninterruptible Power Supply (UPS)**
**2. Voltage Stabilizer**

1 MARK@, TOTAL 2MARKS

(c) Four ways to protect a computer from malicious programs:

**1. Install and update antivirus software**
**2. Avoid downloading files from unknown sources**
**3. Regularly update operating system and software**
**4. Use strong passwords and enable firewalls**

1.5MARK@, TOTAL 6MARKS

7. (a) Name of software used to enter data:

**Microsoft Excel (Spreadsheet Program)** 2MARKS

(b) Two data types used in the worksheet:

**1. Text**
**2. Numbers** 1MARK@, TOTAL 2MARKS

(c) Average score: **=AVERAGE(E3:E8)**

(d) Maximum score: **=MAX(E3:E8)** 2MARK@, TOTAL 8MARKS

(e) Minimum score: **=MIN(E3:E8)**

(f) Active cell: **G13**

8. (a) Why are mobile phones regarded as computers?

**i. They process data and perform calculations**
**ii. They have an operating system that manages applications** 2MARK@, TOTAL 6MARKS
**iii. They accepts data and give out information using input and output devices**

(b) Why is a computer regarded as an electronic device?

**i. It uses electronic circuits to process data**
**ii. It requires electricity to operate** 2MARK@, TOTAL 4MARKS

9. (a) Four communication media used by the Tanzanian government during COVID-19 pandemic:

**i. Radio**
**ii. Television**
**iii. Social media (e.g., WhatsApp, Facebook, Twitter)** 1MARK@, TOTAL 4MARKS
**iv. Government websites and mobile SMS alerts**

(b) Three reasons for using modern communication media during COVID-19:

**i. Faster information dissemination**
**ii. Wide coverage (reaches many people across the country)** 2MARK@, TOTAL 6MARKS
**iii. Allows interaction and feedback from the public**

10. Advantages and Disadvantages of the Internet.

The internet is the huge network formed by interconnected of networks. The internet has transformed modern society, providing numerous benefits while also introducing certain challenges. Below are three key advantages and disadvantages of the internet in society.

2MARK

**Advantages of the Internet**

**Easy Access to Information**, The internet provides unlimited access to information, making research and learning more efficient. Educational resources, online courses, and digital libraries help individuals expand their knowledge without geographical limitations.

**Improved Communication,** The internet has revolutionized communication through social media, emails, and video calls. People can connect with family, friends, and colleagues worldwide instantly, enhancing personal and professional relationships.

**Economic Opportunities** Online businesses, remote work, and digital marketing have created new job opportunities. E-commerce platforms allow businesses to reach global customers, boosting economic growth.

2MARK@, TOTAL 12MARKS

**Disadvantages of the Internet**

**Cybercrime**, The internet exposes users to cyber threats such as hacking, identity theft, and online fraud. Personal data can be misused if not properly protected.

**Misinformation and Fake News**, The spread of false information on social media and websites can mislead people, affecting decision-making in politics, health, and other crucial areas.

**Social Isolation and Addiction**, Excessive use of the internet, especially social media and gaming, can lead to addiction and reduced face-to-face interactions. This may cause loneliness and negatively impact mental health.

In conclusion, the internet offers significant benefits, such as easy access to information, improved communication, and economic growth. However, it also presents challenges like cybercrime, misinformation, and social isolation. It is essential to use the internet responsibly to maximize its benefits while minimizing its risks.
